

Commitment Form for a Puppy from PowerHouse Border Collies

This form is to show our commitment to PowerHouse Kennel (Seller) for the purchase of a puppy (or adult). It is to show that a deposit was taken and we the buyer agree to the following terms and conditions of purchase:

1. The puppy will always be taken care of as if he/she were a family member. To include but not be limited to: regular attention and love, timely veterinary care, regular worming, puppy shots, good quality food, clean water, proper grooming, socialization and training so that they can be a welcomed member of the family and society.
2. The new owner shall never knowingly put the puppy in harms way.
3. The new owner will never relinquish the puppy (or dog) to a shelter, rescue, or other person (including family) without first contacting and receiving permission from the seller. It is understood that we will take our puppies back no questions asked if you so desire.
4. New puppy owner agrees to spay/neuter the puppy before they are seven months old. This puppy is being purchased as a pet and that means the puppy will not be bred. Breeding is part science, part art, and a whole lot of research - something we do not take lightly. 90% of backyard bred litters end up in shelters and we are adamant that our pups and their offspring will not contribute to this problem.
5. Buyer has done their reading both through PowerHouse Kennel website and independently and understand that a border collie is a family member for the next 12-15 years and that they will need time and training.
6. The \$300.00 deposit is non-refundable and will hold a puppy out of the next available litter with a suitable temperament unless otherwise discussed.

By mailing the deposit and commitment form you are agreeing to both these conditions and the contract which will be signed on the day you pick up.
